Research has clearly shown that involving your child in a reading readiness program will enhance their chances of success in their future educational career.

Here's how it works. Present your child's library card at the Children's Reference Desk to get your starter bag. In your bag, there's a check sheet to log the books you have read. Choose some books, either from our pre-packaged theme kits or your very own selections. Simply check a

box on your sheet for every 10 books read, or write in the number of the theme kit you have completed. When your sheet is full, bring it in for your first prize! Collect a new sheet and keep on reading to collect even more prizes at every 100 books! Once you and your child have completed 1,000 books, you will be invited to a special celebration in the spring!
