10.   Once you have signed in, you can search for books in the collection. You can switch between the library's collection and your "shelf" by the options at the bottom of your screen.
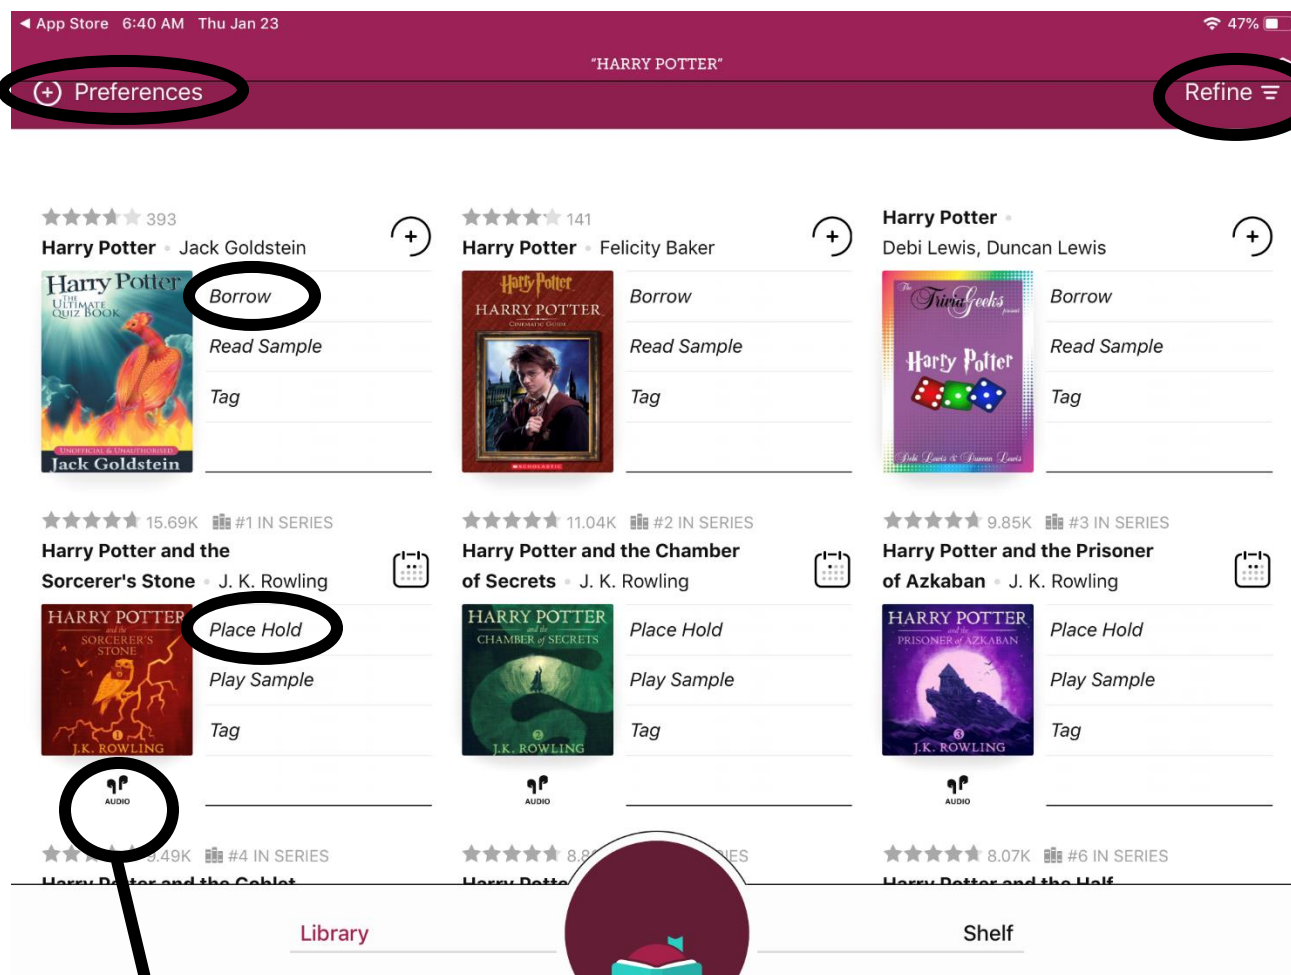

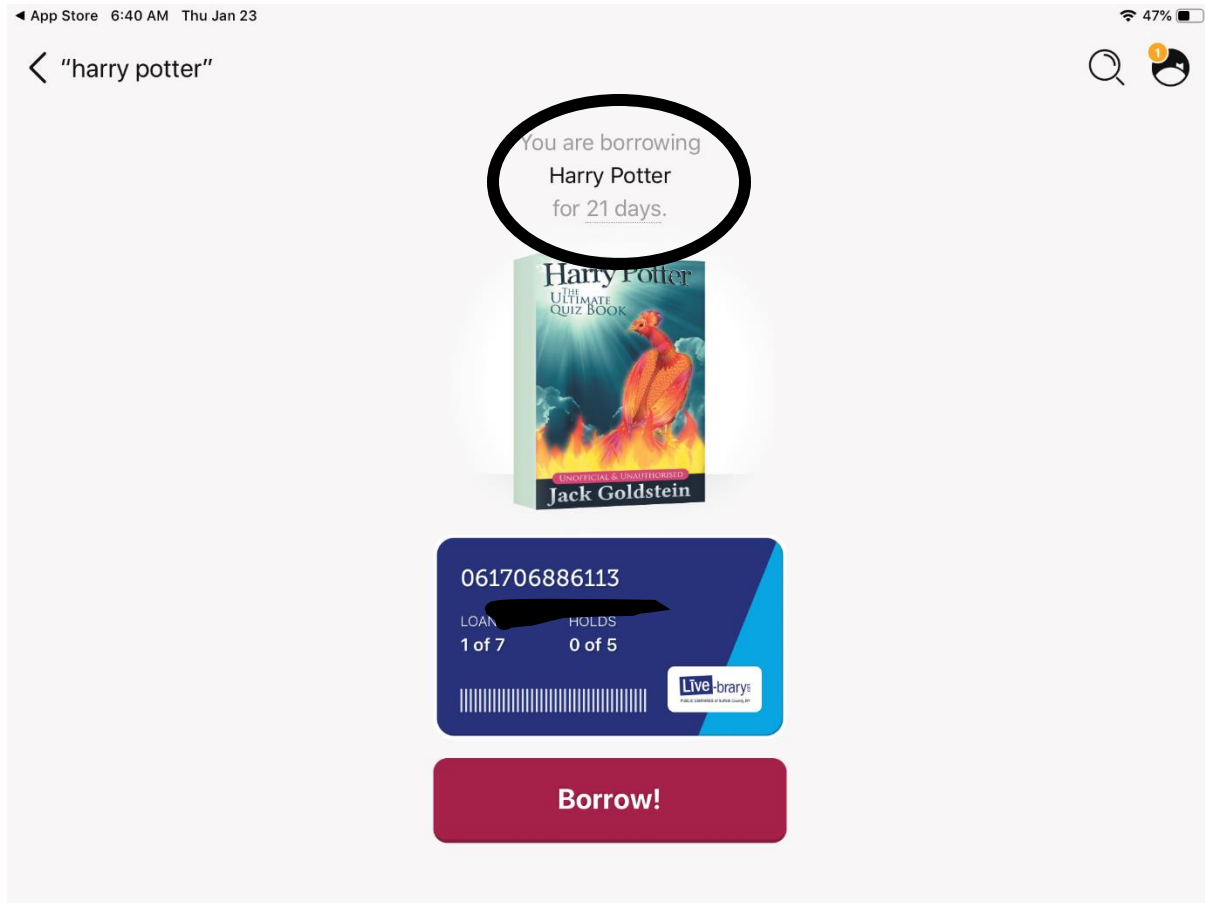

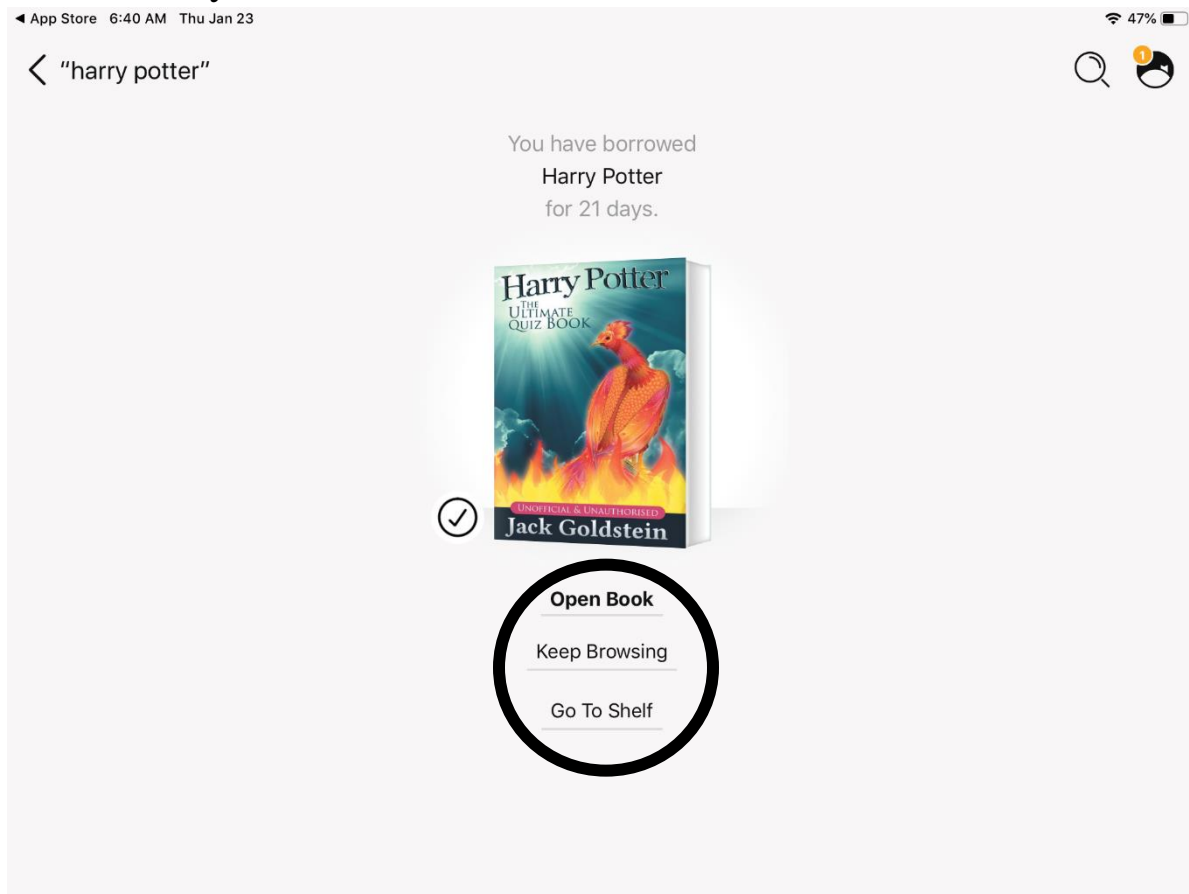

11.   Once you search for a book, you can refine your search by clicking on "Refine" or "Preferences" to search only audiobooks, for example. Audiobooks can be distinguished by the icons underneath that look like headphones. If a book is available, you can immediately click on "Borrow." If not, you can click "Place a hold" to be notified when the next copy is available.

This shows that this is an audiobook!

12.	Once you have borrowed a book, Libby will ask you to confirm. You can choose the length of time you can borrow the item for by clicking on the number of days. Click "Borrow" to download the item. You can borrow items for either 7, 14 or 21 days.

13.   Then you can either click "Open Book" to start reading, "Keep Browsing" to go back to the library to search for more books, or "Go to Shelf" to see what you have checked out.

14.   Once you are on your shelf, you can read what you have checked out by clicking "Read With", which will allow you choose whether you want to read it in the Libby app or on your Kindle/Kindle app. You can also view all your checkouts by going to "Loans" or view items you have on hold by going to "Holds"

15.	Once you are finished with your book, it will automatically return at the end of the loan period. If you want to return it early, you can click on "Manage Loan" to return it. This is also where you can renew an item. Please note you will not be able to renew an item until three days before the due date.
